To tune a violin, start by adjusting the fine tuners, which are the small circular pegs at the base of the instrument. If a string is low-pitched, turn the corresponding fine tuner clockwise. If a string is high-pitched, turn the fine tuner counterclockwise. If your violin is still out of tune, or if you don't have fine tuners on your violin, adjust the pegs at the top of the violin while ...

commit about 30 minutes per day practicing violin. It 's important to be consistent, just like physical exercise. For example, let 's say you decide you 'd like to run a marathon. Well, you wouldn 't wake up on the first morning and run five miles, and then the next morning run 10 miles. You train by consistency, with gradual increases in intensity and duration. Furthermore, we all ...

How to Tune Using Standard Guitar Tuning. Most guitarists tune their instruments to "standard tuning." If you 're just beginning to play and aren 't sure which tuning to use, you should stick with standard tuning for now. As you get more comfortable with your instrument, feel free to experiment with other tunings to achieve different sounds with the guitar. The strings on the guitar are ...
